

**TECHNICIAN
& ENGINEER**

**TECHNICAL
SKILL ASSESSMENT**

FACTORY

TECHNICAL SKILL

Thank you for sharing your technical talents with us at Audio Visual Factory.

Our technical skill assessment is a useful tool so our staffing team can get to know you better. We want to match our event staffing needs with your expertise to make the best events around together.

Our questionnaire is easy to fill out, simply check the boxes that match your technical experience or proficiencies. Tell us about special technical skills or expertise that we might not know about yet, but should.

Kindly e-mail the completed forms to Marcel Sanders msanders@avfactory.com.

We look forward to seeing you on our next event.

Audio Visual Factory

START

In each section, please check the boxes that apply to your technical skills proficiencies. A checked box means that you have a skill level of an independent operator. We include the standard equipment you find on Audio Visual Factory events. Let us know what equipment you are familiar working with.

Once completed, please save the PDF and email it to the Staffing Coordinator, Marcel Sanders - msanders@avfactory.com. Please contact us with any questions.
